

CANTINE TALAMONTI
ATERNUM 2006
Italy, Abruzzo

Founded in 2001, the Talamonti Estate is located in a unique panorama in central Italy: 25 hectares of vineyards are nestled in the breathtaking scenery of the Abruzzi's snow capped mountain peaks, surrounded by soothing rolling hills and caressed by the refreshing sea breeze of the salty Adriatic. Talamonti focuses on the region's noble varietals, Montepulciano d'Abruzzo and Trebbiano d'Abruzzo with the sole objective of producing world-class wines. A young and dynamic winery that is enterprisingly driven by passion and enthusiasm. The wines are crafted by world-renowned winemaker, Lucio Matricardi, who has over the past decade influenced wines from leading Italian wineries such as Castello Banfi and MezzaCorona and today aims to put under the spotlight fine wines from the Abruzzo region.

"Aternum" blends its intense straw colour to a variety of flavours: fresh notes of ripe mature apple, citrus fruit and orange blossom with a light honey end note are finely framed by a touch of elegant vanilla notes deriving from a six month stay in small French barriques. The wine expresses great balance, harmony and elegance.

Available at the Festival Wine Shop. +914127
