

**TINHORN CREEK VINEYARDS  
KERNER ICEWINE 2006  
Okanagan Valley**

From oil-patch engineer to winery owner – quite a transition for Kenn Oldfield, who obtained his Master’s degree in Viticulture from the University of California at Davis in 1994 and immediately began to build Tinhorn Creek Vineyards. Winemaker Sandra Oldfield arrived from California in 1995, just in time for the crush, and stayed on to marry Kenn, create a 35,000 case winery, and obtain a Master’s Degree in Enology from UC Davis.

The 2006 Tinhorn Creek Kerner Icewine is a medley of tree and tropical fruit flavours, especially pears and apricots; the intensely sweet wine is soft and smooth, but not cloying. Each sip ends in a long lingering finish. Icewine pairs well with fruit desserts, and is a fabulous treat all by itself.

Available at the Festival Wine Shop, VQA, select private wine stores and from the winery. +534072

**Principals: Sandra Oldfield, Owner, Winemaker
